# Custom Tours

No two ensembles are the same, so we take special delight in providing the best-fit tour for each choir, band or orchestra. We carefully listen to your needs and values so that together we can craft the perfect travel and performance experience for your program. Our team's background and focus uniquely equips us to partner with you from the initial discussion about meaningful destinations and appropriate performance venues, through registration and travel, as well as the fine-tuned specifics of each performance. Our artistic directors and travel coordinators will proactively work with you to make your trip a success by focusing on three phases: Development, Tour Implementation, and Concert Production.

Whether you want to perform in United States, Europe, Asia, Latin America, Oceania, or Africa, in prestigious concert halls or historic churches, as a solo ensemble, or collaborating with local musicians, Perform America is uniquely positioned to create a custom concert tour that fits your vision for your music program. Our team had the privilege of working for many prestigious ensembles, organizing their performance tours to cities near and far.
